Available for purchase

By individual

Red Hat Learning Subscriptions are available on a per-user basis for all tiers. Individuals, teams, and small organizations can mix and match tiers as needed to meet their Red Hat Training and Certification goals.

For the enterprise

Red Hat Learning Subscription Enterprise is a scalable and comprehensive learning solution for large organizations seeking ongoing training for a large number of users. The enterprise version of each tier offers significant cost savings for a large number of subscriptions to that tier at a single, flat price.

Red Hat Learning Subscription

Maximize your Red Hat investment

According to a recent IDC study, adding just **1.5%** of project budget to training can move the success rate from **50% to 80%**.¹

Take teams further, faster

"With current solutions, delivered after taking Red Hat Training, we are still at **zero unplanned downtime**, after more than two years."¹

"It used to take **30 days** per service to develop applications, but it now takes **20 days** per service."¹

"The change we have experienced with Red Hat Training is the ability to go from **2 months** to **3 minutes** on a platform build."¹
